

Environmental and Geotechnical Testing Experience (2017 Till Date)

Date	Client	Project Description	Description
February 2017	Federal Ministry of Niger Delta Affairs	Quality assurance verification of east-west road project	Geotechnical Testing
August 2017	Enplan Group	Laboratory analysis for Goronyo dam soil investigation project	Geotechnical Testing
September 2017	Nigeria Agip Oil Company Ltd	Laboratory analysis for the geotechnical survey and contaminated site assessment of Brass canal	Geotechnical Testing
October 2017	Lafarge Africa Plc	Laboratory analysis for Mfamosing – Odukpani evacuation road project	Geotechnical Testing
October 2017	Indorama Eleme Petrochemicals	Laboratory analysis for Indorama petrochemical soil investigation and topographic survey	Geotechnical Testing
November 2017	Julius Berger Nigeria Plc	Laboratory analysis for soil investigation for Bodo – Bonny road project	Geotechnical Testing
November 2017	Julius Berger Nigeria Plc	Laboratory analysis of soil and water	Geotechnical Testing
November 2017	Chevron Nigeria Limited	Asphalt testing for Ecravos runway rehabilitation project	Geotechnical Testing
February 2018	Qua Iboe power plant Limited	Laboratory analysis for QIPP early work site investigation and survey	Geotechnical and Environmental Testing
March 2018	Chevron Nigeria Limited	Environmental monitoring plan for FSO (LPG) Sonam – Meren	Environmental Testing
March 2018	Langan Engineering and Environmental Services Inc.	Laboratory analysis for the geotechnical investigation of a site at Eko Atlantic city Lagos.	Environmental Testing
April 2018	Julius Berger Nigeria Plc	Laboratory analysis for the Soil investigation at Owerri interchange – Second Niger bridge project – Early work IV	Geotechnical Testing
May 2018	Chevron Nigeria Limited	Offshore environmental impact assessment (EES)	Environmental Testing
June 2018	Ringardas Nigeria Limited	Laboratory analysis for geotechnical survey at Ringardas Sapele jetty, Sapele, Delta State	Geotechnical Testing
September 2018	Chevron Nigeria Limited	CNL LPG FSO environmental evaluation study (wet season)	Environmental Testing
October 2018	Nigeria Liquefied Natural Gas Limited (NLNG)	Laboratory testing for train 7 nearshore soil investigation service	Geotechnical Testing
October 2018	Julius Berger Nigeria plc	Bodo – Bonny road feasibility study	Geotechnical Testing

Date	Client	Project Description	Description
October 2018	Warri Refinery/Petrochemical company Limited	TEL confirmatory analysis	Closed
November 2018	Julius Berger Nigeria plc	Laboratory soil testing for rail completion	Geotechnical Testing
November 2018	Julius Berger Nigeria plc	Water potability test for Hanger Maiduguri	Geotechnical Testing
November 2018	Julius Berger Nigeria plc	Sand search at Opobo river for Bodo – Bonny road (2)	Geotechnical Testing
December 2018	Julius Berger Nigeria plc	Laboratory analysis for soil investigation for NIS building Abuja	Geotechnical Testing
December 2018	BBMD Associates Consulting Engineers	Laboratory testing for RFWSP Angola Town & Mabang bridge samples	Geotechnical Testing
December 2018	Julius Berger Nigeria plc	Laboratory analysis for soil investigation for Uyo – Calabar road & bridge	Geotechnical Testing
January 2019	Chevron Nigeria Limited	Laboratory testing of refractory properties of self-flowing castables	Environmental Testing
February 2019	Julius Berger Nigeria plc	Laboratory analysis for soil investigation of NIA clinic	Geotechnical Testing
March 2019	Julius Berger Nigeria plc	Rail Way Completion (RWC) soil investigation and additional campaign for one overhead bridge Warri	Geotechnical Testing
March 2019	Federal ministry of environment	EIA for Mambila hydro power project	Environmental Testing
April 2019	Chevron Nigeria Limited	EMP post drilling and dredging activities, CNL offshore locations	Environmental Testing
April 2019	Julius Berger Nigeria plc	Laboratory analysis for soil investigation at Bonny – Bodo road (Bonny axis) Rivers state	Geotechnical Testing
May 2019	Julius Berger plc	Laboratory testing for soil for geotechnical investigation of Uyo worship center	Geotechnical Testing
May 2019	Julius Berger plc	Laboratory testing of water samples from Abuja – Kano road project	Geotechnical Testing
June 2019	Julius Berger plc	Laboratory testing for soil Investigation at Palaver yard Lagos	Geotechnical Testing
June 2019	Julius Berger plc	Laboratory testing of NIS & AIB technology building well water (potability test)	Geotechnical Testing

Date	Client	Project Description	Description
August 2019	Julius Berger plc	Laboratory testing for soil investigation for tower crane installation at Ijora Lagos	Geotechnical Testing
August 2019	Comet Minerals Limited	Elemental analysis of rocks	Environmental Testing
August 2019	Julius Berger plc	Laboratory testing of soil and water	Geotechnical Testing
August 2019	Kanubeen Construction Company (KCC)	Laboratory analysis for soil investigation of a site in Jabi	Geotechnical Testing
September 2019	Julius Berger plc	Laboratory testing of water samples from NIA, NIS and ONSA	Geotechnical Testing
September 2019	Julius Berger plc	Laboratory testing of water samples from Abuja – Kaduna road (AKR)	Geotechnical Testing
October 2019	Julius Berger plc	Laboratory testing of soil and water samples from Port Harcourt flyovers (Romoukoro, Garrison & Artillery junction)	Geotechnical Testing
November 2019	National Oil Spill Detection and Response Agency (NOSDRA)	Laboratory analysis of borehole water	Environmental Testing
November 2019	Shelf Drilling Offshore services	Effluent water analysis	Environmental Testing
November 2019	Julius Berger plc	Laboratory testing of soil and water samples from Port Harcourt small buildings	Geotechnical Testing
December 2019	Five Star Logistics limited	Laboratory analysis of samples for geotechnical investigation of Five Star Logistics terminal, Tin can Island Apapa Lagos	Geotechnical Testing
December 2019	Gauff	Laboratory chemical analysis of soil samples	Environmental Testing
January 2020	Shelf Drilling Services Limited	Effluent water analysis	Environmental Testing
January 2020	Segilola Resources Operating limited	Environmental baseline monitoring of Segilola gold mine site	Environmental Testing

Date	Client	Project Description	Description
February 2020	Saipem Contracting Nigeria	Provision of equipment and bituminous concrete field laboratory analysis	Geotechnical Testing
February 2020	Chris Umolv	Laboratory analysis of soil for total hydrocarbon content	Environmental Testing
February 2020	Geoquip Marine Limited	Laboratory testing of samples for Geoquip Marine group - Bonga North	Geotechnical Testing
May 2020	Fugro Nigeria Limited	Laboratory Testing of soil samples, Benin matching Warf	Geotechnical Testing
June 2020	Julius Berger Nigeria PLC	Laboratory testing of samples (soil and water) – Port Harcourt Small Buildings	Geotechnical Testing
July 2020	Julius Berger Nigeria PLC	Laboratory Testing of sample – Port Harcourt flyovers	Geotechnical Testing
July 2020	Damian Terlumun	Concrete compressive strength testing	Geotechnical Testing
August 2020	SETOC	Wangenigen evaluating programme for analysis laboratory	Geotechnical Testing
August 2020	Julius Berger Nigeria PLC	Laboratory analysis of samples for Bodo –Bonny Road project	Geotechnical Testing
August 2020	Geoquip Marine Group	Laboratory analysis of Lekoil investigator samples	Geotechnical Testing
August 2020	Blasius Ngayakamo	Compressive strength testing of porcelain samples	Geotechnical Testing
September 2020	Julius Berger Nigeria plc	Laboratory testing for soil investigation for Bonny Consulate Building	Geotechnical Testing
September 2020	Nigeria Geological Survey agency	Brine analysis	Environmental Testing
September 2020	Chevron Nigeria Limited	Maintenance and calibration of Crushing machine	Closed
September 2020	Julius Berger Nigeria limited	Laboratory analysis of samples for soil investigation for Bonny – Bodo road, Ch19+446, Ch+500, Nanabie	Geotechnical Testing
September 2020	Rainforest Limited	Tier 2 site Assessment for environmental remediation of Hydrocarbon impacted site at ogoni	Environmental Testing
October 2020	Roseberth Laboratory	Laboratory testing of soil sample for permeability	Geotechnical Testing
October 2020	Brass fertilizer and Petrochemical limited	Environmental and social impact assessment for Brass Fertilizer	Geotechnical Testing
October 2020	Julius Berger Nigeria plc	Laboratory testing for Port Harcourt flyovers- Kaduna junction	Geotechnical Testing
November	Kanubeen	Laboratory analysis of samples for	Geotechnical

Date	Client	Project Description	Description
2020	Construction Company (KCC)	soil investigation at a site in Awkuzu, Anambra State	Testing
December 2020	Lugold Limited	Laboratory analysis of soil samples	Environmental Testing
January 2021	Nigerian Railway Cooperation (NRC)	Laboratory analysis of water samples	Environmental Testing
January 2021	Department of Petroleum Resource	Laboratory analysis of borehole water	Environmental Testing
January 2021	Segilola Resources Operating limited	Environmental baseline monitoring of Segilola gold mine site	Environmental Testing
